Dear Hamish

RAILINGS – BLINKBONNY CRESCENT

Thank you for your recent emails regarding the above. I appreciate that there has been some delay in sending a response to your enquiry, please be rest assured that we have been working hard to respond to the high level of customer contact and provide you with a full and accurate response as quickly as possible.

The Roads Officer has advised that some localised repairs have been carried out in the interest of public safety at this location

I am currently consulting with the Council's Estates Research Team into the maintenance responsibility of this location. It appears from initial investigation that this location is administered by the Council on behalf of the Governors of Trinity Hospital in an agreement dating from the early 1900's; however as to the actual maintenance responsibility, this has not yet been established.

Once further information is available, I will ensure you are updated.

I trust this information is of assistance. If you require any further information please contact me on 469 5232.

Yours sincerely

Signature of or on behalf of
Murray Black
